Emerge Mandatory Disclosure Statement

As we begin our work together at Emerge we want to provide you with some important information about who we are, what to expect and what rights you have.

1. We believe that neuropsychological assessment and mental health treatment is a partnership; an agreement to work together to solve problems and help individuals grow. To this end, various assessment measures and treatment tools, including individual, group, play or family therapy and Applied Behavior Analysis (ABA) may be used. We are glad to talk with you in more detail about therapeutic orientations, tools and assessment procedures if you so desire. The clinicians involved in working with you will collaborate with you to decide what is most appropriate and helpful for you. Our goal is always to help patients learn ways to grow and thrive independently.
2. The fee for Initial Consultations is \$150 per 50 minutes payable at the time of service. Psychological evaluations and other consultations may be charged at different rates, depending on individual cases and the individual clinician's rate. All services, including telephone consultations and after-hours services will be charged at the clinician's hourly rate. Phone consultations will be billed in 15 minute increments, rounded up to the nearest quarter hour. Emerge has a billing company who performs all commercial billing. It is your responsibility to contact MRC Billing at 877-852-9255 and work with them to determine your insurance eligibility and your financial responsibility.
3. Full fees for such evaluations range from approximately \$500 to \$2,200+. Academic testing is typically not covered by insurance companies. All copays, deductibles, and coinsurance will be collected in full before services are rendered. If you are ill or you have been ill in the 24 hours prior to the appointment, you must cancel the appointment as soon as possible. If you have a planned absence, you must notify your clinician no less than 2 weeks prior to the appointment. If you no show or cancel an appointment less than 24 hours in advance, Emerge reserves the right to charge clients 50% of the clinician's hourly fee. Emerge also reserves the right to charge 50% of the clinician's hourly fee for cancellations due to illness or planned absences in which the clinician is not notified by the timeline above. Charges will be assessed by the hour for the full time of the appointment.
4. Fee's for individual, couples or family treatment services depend upon the services desired and the clinician's expertise. Your treatment team will provide this information to you in a separate form. We have a large treatment team to meet the needs of your family and you may receive services from several clinicians if this is deemed to be the most appropriate treatment plan.

FINANCIAL AGREEMENT AND ASSIGNMENT OF BENEFITS

Financial Agreement

Because every insurance policy or funding agency is different, it is impossible for us to know all of the details of your specific plan or anticipate how the payer of benefits will construe or interpret the plan. All clients must work with our contracted billing company to determine eligibility and financial responsibility for services. It is the client's responsibility to ensure all preauthorization is in place prior to service and to comply with all requirements of any insurance plan the client may rely on for coverage of Emerge charges.

Please read over and sign your initials next to each policy.

_____ Your co-pay, deductible and/or co-insurance are due at the time of service.

_____ All balances not covered by your insurance company or health benefit plan become your responsibility. You will be sent a statement for any balance that you owe. This amount is due upon receipt and will be considered delinquent if not paid within 30 days after the statement has been issued. If an overpayment occurs on your account, we will send a refund within 30 days.

_____ In the event your account becomes delinquent, we will assess charges in the amount of 1.5% per month (18% per year) on all unpaid balances. If your account is still delinquent after 90 days, the account will be turned over to our contracted collection agency. Any and all fees associated with collecting balances, including but not limited to collection fees, legal costs, attorney fees, and interest are your responsibility.

_____ You are responsible for notifying your clinician(s) of planned absences no less than 2 weeks prior to the absence in order to avoid a charge. If you no show or cancel a session for reasons other than illness less than 24 hours prior to the session, the clinician reserves the right to charge 50% of the clinician's hourly rate. This rate will be billed for the full amount of time scheduled for the (now) cancelled appointment. For example, if the session was scheduled for 1.5 hours, the client could be billed for 1.5 hours at 50% of the clinician's normal hourly rate.

_____ Excessive planned absences may result in your clinician(s) being re-assigned to other cases in order to maintain their caseload and corresponding compensation.

_____ Your clinician(s) reserves the right to cancel sessions due to clinician illness or poor weather conditions at the clinician's home or your home. Sessions cancelled by the clinician will **not** incur a cancellation fee.

_____ If you or your child (the client) are ill and have experienced the symptoms below in the 24 hours prior to your session, we require that you cancel the session as soon as possible. If the clinician does report for a session and the symptoms listed below are present, that clinician reserves the right to leave and the session will be considered canceled. The clinician reserves the right to charge 50% of the clinician's full hourly rate for unexpected cancellations.

- **fever over 100 degrees, vomiting or diarrhea, or appear to be experiencing flu-like symptoms**

_____ If you need to cancel a regularly scheduled session due to illness, you may request the clinician use that time to work on any of the following and you will be billed at the clinician's full hourly rate:

- parent training, phone consultation, email messages, written documentation (including progress reports and other forms of written communication), written or verbal communication with 3rd party

- payers (including insurance carriers, Community Centered Boards, etc.), creation of individualized therapy materials such as books or stories, record review, other services a client may request.

This agreement shall be construed to harmonize with any network provider agreements between Emerge and any payer of benefits.
